Club of Amman Jordan River

The Rotary Club Amman Jordan River presented to King Hussein Cancer Center – Amman Jordan hair wigs as donation from the Club members to the cancer patients at the Center.

This support comes within the framework of the annual project of the club aimed at contributing to the needs of the cancer patients, and in particular who lose their hair as a result of the therapeutic doses. It comes as an expression of Rotary solidarity with the cancer patients to help them be relieved and to ease their mingling with the society. Fifty wigs were offered from the Rotary Club of Amman Jordan River and handed over by members of Rotary Club of Amman Jordan River Jordan, headed by President Fares Haddad, to the cancer patients at the center.

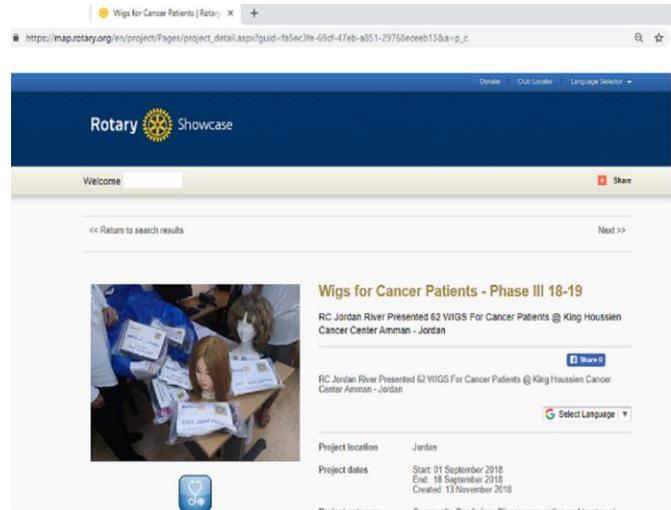

The Rotary Club of Amman Jordan River is also active in the provision of health services to a number of medical institutions, including the contributions of needed supplies for cancer and for visually impaired patients.

Mrs. Raja`a Salhi , the director of the Center's Health Care Department, expressed his gratitude to the Rotary Club of Amman Jordan River initiative which reflects Rotary's keenness to interact positively with the community's social issues as emerged through this caring touch. Stressing that this humanitarian gift in its sense is a balm that relieves patients of their suffering and make them feel that their society stands by them in the plight of the disease, which will have the best effect on them and helps them in their treatment journey.

On the other hand, President Siham Masad emphasized that Rotary is a part of the society, and is always enthusiastic to ensure that among its objectives the eradication of diseases and the lessening of sufferings from its community. Also that "this gift" which came as an initiative of the generous members of the Rotary Club of Amman River Jordan will be followed by many others to Al Hussein Cancer Center and to other therapeutic institutions in order to positively communicate with patients to alleviate their plight them and enhance the human solidarity with them.

President Siham Masad also conveyed the thanks of the chairman and members of Rotary Club of Amman Jordan River for the center, which always has its doors open to ensure that the Rotary's humanitarian initiatives are delivered to the patients at Al Hussein Cancer Center which has become a major medical monument not only at the level of Jordan but also at the level of the region.
